The summaries and references to Sections of the Kentucky Revised Statutes, the Bond Resolution, and the Contract, Lease and Option, as included in this Official Statement, do not purport to be comprehensive or definitive and are qualified in their entirety by reference to each such document.

DESCRIPTION OF THE BONDS

Authorization

Pursuant to Sections 162.120 through 162.300 and Section 162.385 of the Kentucky Revised Statutes and KRS Chapter 273 and KRS 58.010 through 58.140 and 58.180, the Corporation adopted a Bond Resolution (i) authorizing the issuance of \$670,000* School Building Revenue Bonds; (ii) approving the publication of a Notice of Sale of Bonds; (iii) approving the terms and conditions of bond sale; and (iv) authorizing the President of the Corporation to execute the Official Statement related to the Bonds.

Terms

The Bonds will be dated June 26, 2012, will bear interest payable December 1, 2012, and thereafter semiannually on each June 1 and December 1 at the rates established upon acceptance of a bid for said Bonds, and will mature on the dates and in the amounts set forth on the cover page. The record dates for December 1 and June 1 interest payment dates shall be the preceding November 15 and May 15 respectively.

Book Entry

The following information regarding DTC and Cede & Co. will be applicable to the Bonds as long as a book entry system is utilized. The Corporation does not assume any responsibility for the accuracy or completeness of the information set forth under this caption "Book Entry", and the Corporation is not required to supervise, and will not supervise, the operation of the book entry system described herein.

DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC was created to hold securities of its participants (the "DTC Participants") and to facilitate the clearance and settlement of securities transactions among DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need of physical movement of securities certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, some of whom (and/or their representatives) own DTC. Access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the "Indirect Participants").

Upon issuance of the Bonds, DTC Participants shall receive a credit balance in the records of DTC. ***The ownership interest of each actual purchaser of each Bond (the "Beneficial Owner") will be recorded through the records of the applicable DTC Participant.*** Beneficial Owners will receive a written confirmation of their purchase provided by the applicable DTC Participant, providing details of the Bonds acquired. Transfers of ownership interests in the Bonds ("Beneficial Ownership Interests") will be accomplished by book entries made by DTC and, in turn, by the DTC Participants who act on behalf of the Beneficial Owners. Beneficial Owners will **not** receive certificates representing their ownership interest in the Bonds, except as specifically provided in the Ordinance.

*Preliminary, Subject to Permitted Adjustment.

The Corporation has no responsibility or liability for any aspects of the records relative to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership.

Principal, sinking fund, and interest payments on the Bonds will be made to DTC or its nominee, as registered owner of the Bonds. Upon receipt of moneys, DTC's current practice is to immediately credit the accounts of the DTC Participants in accordance with their respective holdings shown on the records of DTC. Payments by DTC Participants and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is now the case with municipal securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such DTC Participant or Indirect Participant and not of DTC or the Agency, subject to any statutory and regulatory requirements as may be in effect from time to time.

A Beneficial Owner shall give notice to elect to have its Beneficial Ownership Interests purchased or tendered, through its DTC Participant, to the Paying Agent and Registrar, and shall effect delivery of such Beneficial Ownership Interests by causing the Direct Participant to transfer the DTC Participant's interest in the Beneficial Ownership Interests, on DTC's records, to the purchaser or the Paying Agent and Registrar, as appropriate. The requirements for physical delivery of Bonds in connection with a demand for purchase or a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records.

The Paying Agent and Registrar, so long as a book entry method is used for the Bonds, will send only to DTC any notice of redemption or other notices required to be sent to Bondholders. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify the Beneficial Owner, of any such notice and its content or effect will not affect the validity of the redemption of the Bonds called for redemption or of any other action premised on such notice.

Conveyance of notices and other communications by DTC to DTC Participants, by DTC Participants to Indirect Participants, and by DTC Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory and regulatory requirements as may be in effect from time to time.

The Corporation and the Paying Agent and Registrar cannot and do not represent or give any assurances that DTC, the DTC Participants or Indirect Participants or others will distribute payments of debt service charges on the Bonds paid to DTC or its nominee, as the registered owner, or any redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement.

Optional Redemption Provision

The Bonds are not subject to optional redemption prior to their stated maturities.

Security

A Contract, Lease and Option (the "Lease"), between the Corporation and the Woodford County School District Board of Education (the "Board") requires the Board to pay annual rentals in an amount sufficient to pay the principal of and interest on the Bonds as same become due and payable. The initial period of the Lease begins on June 1, 2012, and expires on June 30, 2013, and thereafter, the Board has an exclusive option to renew the Lease from year to year for one year periods until the final maturity of the Bonds on June 1, 2022. Under the terms of the Lease, the Board agrees to use and occupy the school buildings and, further, to provide for maintenance of the buildings and to insure said buildings against loss by fire, lightning, and windstorm and that the amount of such insurance shall at all times be the full insurable value of the buildings or the face amount of the Bonds outstanding, whichever is greater.

As further security for the Bonds, title to the site of the school Project is vested in the Corporation and is subject to a statutory mortgage lien in favor of the Registered Owners of the Bonds.

The Lease reserves to the Board the option to purchase the Project site upon payment on any interest due date of the then outstanding Bonds, plus interest thereon in accordance with the terms thereof.

ADDITIONAL PARITY BONDS FOR COMPLETION OF PROJECT

The Corporation has reserved the right and privilege of issuing additional bonds from time to time payable from the income and revenues of said lands and school building Project and secured by the same statutory mortgage lien and pledge of revenues, but only if and to the extent the issuance of such additional parity bonds may be necessary to pay the costs, for which funds are not otherwise available, of completing the construction of said school building Project in accordance with the plans and specifications of the architect in charge of said Project, which plans have been completed, approved by the Board, Kentucky Department of Education, and filed in the office of the Secretary of the Corporation.

WOODFORD COUNTY (KENTUCKY) SCHOOL DISTRICT FINANCE CORPORATION

The Corporation has been formed in accordance with the provisions of Section 162.120 through 162.300 and 162.385 of the Kentucky Revised Statutes ("KRS"), and KRS Chapter 273 and KRS 58.180, as a non-profit, non-stock corporation for the purpose of financing necessary school facilities for and on behalf of the Board of Education of the Woodford County School District (the "Board"). Under the provisions of existing Kentucky law, the Corporation is permitted to act as an agency and instrumentality of the Board for financing purposes.

The Board of Directors of the Corporation is made up of the incumbent members of the Board of Education.

THE PROJECT

The Bonds are being issued for the purpose of financing the acquisition of approximately 61.23 acres adjacent to the current Middle School facility to be used for a future High School, fields, and parking (the "Project")

Special Covenants

The Resolution provides that the Corporation must faithfully and punctually perform all duties required by the Lease including providing for the maintenance and insurance of the Project.

The Corporation further agrees to collect such rents for the use of the Project as will be sufficient to pay the principal of and interest on the Bonds when same become due.

The Corporation further covenants to keep proper books of records and accounts, separate from all other records and accounts, in which complete and correct entries shall be made of all transactions relating to the Bonds and the Project and shall furnish on written request of any holder of the Bonds, within thirty days after the close of each rental year, complete financial statements of the Project in reasonable detail covering such rental year.

Statutory Mortgage Liens

The Resolution recognizes the statutory mortgage liens upon the Project which are granted and created by KRS 162.200. The liens are and shall be restricted in their application to the buildings, the cost of construction of which are paid from the proceeds of the Bonds, together with appurtenances, equipment therein, that portion of the school site physically occupied thereby, and such easements and rights-of-way for ingress, egress, and the rendering of services thereto as may be necessary for the proper use and maintenance of the same. There is no lien for any equipment that is not pledged pursuant to the Lease.

The right is reserved to erect or construct upon the Project site described in the Resolution other structures and improvements free and clear of said statutory mortgage liens, even though the same may or may not use as party walls one or more walls of structures which are subject to the liens, providing the same are capable of use as separate entities in themselves and have their own outside entrances and providing no part of the costs of said additional structures and improvements are paid from the proceeds of the Bonds.

Additional Bonds

The Corporation has reserved the right and privilege of issuing additional bonds from time to time payable from the income and revenues of said lands and school building Project and secured by the same statutory mortgage lien and pledge of revenues, but only if and to the extent the issuance of such additional parity bonds may be necessary to pay the costs, for which funds are not otherwise available, of completing the construction of said school building Project in accordance with the plans and specification of the architect in charge of said Project, which plans have been completed, approved by the Board, State Department of Education, and filed in the office of the Secretary of the Corporation.

Tax Covenants

The Corporation and the Board have covenanted to do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Corporation on the Bonds shall, for the purpose of federal income taxation, be excludable from the gross income of the recipients thereof.

The Corporation and the Board have agreed to not permit any of the proceeds of the Bonds or other funds of the Corporation to be used to acquire any securities or obligations the acquisition of which would cause any such Bond to be an "arbitrage bond," as defined in the Code, unless, under any valid provision of law hereafter enacted, the interest paid by the Corporation on the Bonds shall be excludable from the gross income of a recipient thereof for federal income tax purposes without regard to compliance with the Code.

The Corporation and the Board have agreed to observe the provisions of the Code with regard to the required rebate of investment earnings to the United States, if any.

The Corporation has obligated itself not to sell, mortgage, or in any manner dispose of the Project including any and all extensions and additions that may be made thereof, except as specifically permitted and provided by the Resolution until all of the Bonds have been paid in full.

Resolution Constitutes Contract

The provisions of the Resolution constitute a contract between the Corporation and the holders of any Bonds from time to time outstanding and, after the sale of such Bonds, no change in the provisions of the Resolution are permitted while any of the Bonds remain outstanding and unpaid, except as permitted by law.

SUMMARY OF CERTAIN PROVISIONS OF THE LEASE

The following summarizes certain provisions of the Lease pursuant to which the Corporation leases the Project to the Board. Reference is made to the Lease for a full and, complete statement of its provisions.

Construction of the Project and Lease to the Board

The Corporation agrees to lease the Project to the Board and the Board agrees to lease the Project from the Corporation from year to year from July 1 to June 30 of each year, provided the initial term of the Lease shall commence June 1, 2012.

The initial term of the Lease expires on June 30, 2013 provided, however, that the Lease is automatically renewed from year to year for one-year terms unless terminated by the Board upon written notice to the Corporation, the Kentucky Department of Education and the original purchaser of the Bonds sixty days before the end of the fiscal year.

Amount and Due Date of Rentals

The amount of the annual rentals to be paid by the Board is a sum equal to the interest which will be due on December 1, together with the principal and interest which will be due on June 1 during the rental year, plus the costs of operation, maintenance and insurance.

Conveyance upon Retirement of Bonds

If the Board pays rentals from year to year until the final maturity date of the Bonds, then upon completion of such payments the Project will be and become the property of the Board.

Option to Purchase

The Lease further provides that the Board may purchase any portion of the Project and thereby terminate the Lease with respect to such portion on any interest payment date by the payment of a sum sufficient to accomplish the retirement of the proportionate part of the then outstanding Bonds issued by the Corporation; such sum to include interest due and all expenses incident to such retirement, including payment of any premium required to be paid to holders for such prior redemption.

Maintenance and Insurance

The Board agrees that so long as the Board continues to lease the Project it will, at its own expense, maintain the Project in good repair and will procure and pay the cost of insurance on all buildings located thereon against loss by fire, lightning, and windstorm in an amount equal to the full insurable value of the Project or the face amount of the Bonds outstanding, whichever is greater.

KENTUCKY DEPARTMENT OF EDUCATION SUPERVISION

According to a report furnished by the Kentucky Department of Education, under the terms of the Kentucky Revised Statutes and the regulations of the Kentucky Board of Education (the "State Board"), the State Board, by itself and through its executive officer, the Commissioner of Education (the "Commissioner"), supervises the general operations of the local boards of education and school building revenue bond financing for school purposes. The Commissioner examines and advises on the expenditures, business methods and accounts of all local boards of education, including the Board. The Commissioner is responsible for assuring that all financial and educational accounts are accurately and neatly kept, and that all reports are made according to the forms adopted by the State Board. Each school district supported in whole or in part from taxation is required to make a report to the State Board at the close of each scholastic year, showing in detail all funds received from the Commonwealth and from all other sources during the year, and a detailed statement of all expenditures for the year.

Each local board of education must prepare and submit to the Commissioner an annual budget showing the amount needed for current expenses, capital outlay, debt service and lease rental payments for the ensuing year, the estimated amount to be received from other sources, and the amount needed to be raised from local taxation, including the assessed valuation and tax rate for property subject to taxation by the school district. If the budget is disapproved, it must be amended and resubmitted. No budget is effective until approved by the Commissioner.

Each local school board must prepare and submit to the State Board, not later than January 15 of each year, a close estimate of its working budget which must conform to the rules and regulations prescribed by the State Board, and which must be consistent in its major divisions with the general school budget previously prepared.

A local superintendent may not recommend and a local school board member may not vote for an expenditure in excess of the income and revenue of any year as shown by the budget approved by the Commissioner, except for a purpose for which bonds have been voted, or in case of an emergency declared by the State Board.

All local boards of education who have entered into contracts with respect to the issuance of revenue bonds must arrange for insurance protection in an amount equal to the amount of bonds outstanding against the particular building or buildings, or to the full insurable value of such building or buildings, whichever is greater, and must report annually to the Superintendent, on forms provided by the Department of Education, the amount of insurance coverage provided for each building which has been mortgaged for the security of outstanding revenue bonds.

The State Department of Education must approve a bond issue and its related financial, educational and construction plans prior to issuance and such approval will be obtained prior to the sale of this issue.

STATE SUPPORT OF EDUCATION

The 1990 Regular Session of the General Assembly of the Commonwealth enacted a comprehensive legislative package known as the Kentucky Education Reform Act ("KERA") designed to comply with the mandate of the Kentucky Supreme Court that the General Assembly provide for an efficient and equitable system of schools throughout the State.

KERA became fully effective on July 13, 1990. Elementary and Secondary Education in the Commonwealth is supervised by the Commissioner of Education as the Chief Executive Officer of the State Department of Education ("DOE"), and appointee of the reconstituted Kentucky Board of Education (the "State Board"). Some salient features of KERA are as follows:

KRS 157.330 establishes the fund to Support Education Excellence in Kentucky ("SEEK") funded from biennial appropriations from the General Assembly for distribution to school districts. The base funding guaranteed to each school district by SEEK for operating and capital expenditures is determined in each fiscal year by dividing the total annual SEEK appropriation by the state-wide total of pupils in average daily attendance ("ADA") in the preceding fiscal year; the ADA for each district is subject to adjustment to reflect the number of at risk students (approved for free lunch programs under state and federal guidelines), number and types of exceptional children, and transportation costs.

KRS 157.420 establishes a formula which results in the allocation of funds for capital expenditures in school districts at \$100 per ADA pupil of the SEEK allotment which is required to be segregated into a Capital Outlay Allotment Fund which may be used only for (1) direct payment of construction costs; (2) debt service on voted and funding bonds; (3) lease rental payments in support of bond issues; (4) reduction of deficits resulting from over-expenditures for emergency capital construction; and (5) a reserve for each of the categories enumerated in 1 through 4 above.

KRS 160.470(12)(a) requires that effective for fiscal years beginning July 1, 1990 each school district shall levy a minimum equivalent tax rate of \$0.30 for general school purposes. The equivalent tax rate is defined as the rate which results when the income collected during the prior year from all taxes levied by the district (including utilities gross receipts license and special voted) for school purposes is divided by the total assessed value of property, plus the assessment for motor vehicles certified by the Revenue Cabinet of the Commonwealth. Any school district board of education which fails to comply with the minimum equivalent tax rate levy shall be subject to removal from office.

KRS 157.440(2) provides that for fiscal years beginning July 1, 1990 each school district may levy an equivalent tax rate which will produce up to 15% of those revenues guaranteed by the SEEK program. Any increase beyond the 4% annual limitation imposed by KRS 132.017 ("House Bill 44") is not subject to the recall provisions of that Section. Revenue generated by the 15% levy is to be equalized at 150% of the state-wide average per pupil equalized assessment.

KRS 157.440(2) permits school districts to levy up to 30% of the revenue guaranteed by the SEEK program, plus the revenue produced by the 15% levy, but said additional tax will not be equalized with state funds and will be subject to recall by a simple majority of those voting on the question.

KRS 157.620(1) also provides that in order to be eligible for participation from the Kentucky School Facilities Construction Commission for debt service on bond issues the district must levy a tax which will produce revenues equivalent to \$0.05 per \$100 of the total assessed value of all property in the district (including tangible and intangible property and motor vehicles). A district having a special voted tax which is equal to or higher than the required \$0.05 tax, must commit and segregate for capital purposes at least an amount equal to the required \$0.05 tax. Those districts which levy the additional \$0.05 tax are also eligible for participation in the Facilities Support Program of Kentucky ("FSPK") program for which funds are appropriated separately from SEEK funds and are distributed to districts in accordance with a formula taking into account outstanding debt and funds available for payment from both local and state sources.

KRS 160.460 provides that as of July 1, 1994 all real property located in the Commonwealth subject to local taxation shall be assessed at 100% of fair cash value.

CONTINUING DISCLOSURE

Rule 15c2-12, as amended (the "Rule"), promulgated by the Securities and Exchange Commission, requires continuing disclosure with respect to new offerings of municipal securities of \$1,000,000 or more. The Bonds will be issued in an aggregate principal amount of less than \$1,000,000 and will be exempt from the provisions of the Rule, and accordingly, no agreement regarding continuing disclosure pursuant to the Rule is required and no agreement with respect thereto will be entered into with respect to the Bonds.

TAX EXEMPTION; NOT BANK QUALIFIED

General

In the opinion of Bond Counsel for the Bonds, based upon an analysis of existing laws, regulations, rulings and court decisions, interest on the Bonds is excludible from gross income for Federal income tax purposes and interest on the Bonds is not a specific item of tax preference under Section 57 of the Internal Revenue Code of 1986 (the "Code") for purposes of the Federal individual or corporate alternative minimum taxes. Furthermore, Bond Counsel for the Bonds is of the opinion that interest on the Bonds is exempt from taxation, including personal income taxation, by the Commonwealth of Kentucky and its political subdivisions.

The Code imposes various restrictions, conditions, and requirements relating to the exclusion from gross income for Federal income tax purposes of interest on obligations such as the Bonds. The City has covenanted to comply with certain restrictions designed to ensure that interest on the related issues of Bonds will not be includable in gross income for Federal income tax purposes. Failure to comply with these covenants could result in interest on the Bonds being includable in income for Federal income tax purposes and such inclusion could be required retroactively to the date of issuance of the Bonds. The opinion of Bond Counsel assumes compliance with these covenants. However, Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken) or events occurring (or not occurring) after the date of issuance of the Bonds may adversely affect the tax status of the interest on the Bonds.

Certain requirements and procedures contained or referred to in the Bond documents and other relevant documents may be changed and certain actions (including, without limitation, defeasance of the Bonds) may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents. Bond Counsel expresses no opinion as to any Bonds or the interest thereon if any such change occurs or action is taken or omitted upon the advice or approval of bond counsel other than Peck, Shaffer & Williams LLP.

Although Bond Counsel for the Bonds is of the opinion that interest on the Bonds will be excludible from gross income for Federal and Kentucky income tax purposes, the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may otherwise affect a Bondholder's Federal, state or local tax liabilities. The nature and extent of these other tax consequences may depend upon the particular tax status of the Bondholder or the Bondholder's other items of income or deduction. Bond Counsel expresses no opinions regarding any tax consequences other than what is set forth in its opinion and each Bondholder or potential Bondholder is urged to consult with tax counsel with respect to the effects of purchasing, holding or disposing the Bonds on the tax liabilities of the individual or entity.

For example, although Bond Counsel for the Bonds is of the opinion that interest on the Bonds will not be a specific item of tax preference for the alternative minimum tax, corporations are required to include all tax-exempt interest in determining "adjusted current earnings" under Section 56(c) of the Code, which may increase the amount of any alternative minimum tax owed. Receipt of tax-exempt interest, ownership or disposition of the Bonds may result in other collateral Federal, state or local tax consequence for certain taxpayers, including, without limitation, increasing the federal tax liability of certain foreign corporations subject to the branch profits tax imposed by Section 884 of the Code, increasing the federal tax liability of certain insurance companies under Section 832 of the Code, increasing the federal tax liability and affecting the status of certain S Corporations subject to Sections 1362 and 1375 of the Code, increasing the federal tax liability of certain individual recipients of Social Security or Railroad Retirement benefits under Section 86 of the Code and limiting the use of the Earned Income Credit under Section 32 of the Code that might otherwise be available. Ownership of any Bonds may also result in the limitation of interest and certain other deductions for financial institutions and certain other taxpayers, pursuant to Section 265 of the Code. Finally, residence of the holder of Bonds in a state other than Kentucky or being subject to tax in a state other than Kentucky, may result in income or other tax liabilities being imposed by such states or their political subdivisions based on the interest or other income from the Bonds.

The Corporation and the Board have **NOT** designated the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265 of the Code.

Original Issue Premium

"Acquisition Premium" is the excess of the cost of a bond over the stated redemption price of such bond at maturity or, for bonds that have one or more earlier call dates, the amount payable at the next earliest call date. The Bonds that bear an interest rate that is higher than the yield (as shown on the cover page hereof), are being initially offered and sold to the public at an Acquisition Premium (the "Premium Bonds"). For federal income tax purposes, the amount of Acquisition Premium on each bond the interest on which is

excludable from gross income for federal income tax purposes ("tax-exempt bonds") must be amortized and will reduce the bondholder's adjusted basis in that bond. However, no amount of amortized Acquisition Premium on tax-exempt bonds may be deducted in determining bondholder's taxable income for federal income tax purposes. The amount of any Acquisition Premium paid on the Premium Bonds, or on any of the Bonds, that must be amortized during any period will be based on the "constant yield" method, using the original bondholder's basis in such bonds and compounding semiannually. This amount is amortized ratably over that semiannual period on a daily basis.

Holders of any Bonds, including any Premium Bonds, purchased at an Acquisition Premium should consult their own tax advisors as to the actual effect of such Acquisition Premium with respect to their own tax situation and as to the treatment of Acquisition Premium for state tax purposes.

Original Issue Discount

The Bonds having a yield that is higher than the interest rate (as shown on the cover page hereof) are being offered and sold to the public at an original issue discount ("OID") from the amounts payable at maturity thereon (the "Discount Bonds"). OID is the excess of the stated redemption price of a bond at maturity (the face amount) over the "issue price" of such bond. The issue price is the initial offering price to the public (other than to bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of bonds of the same maturity are sold pursuant to that initial offering. For federal income tax purposes, OID on each bond will accrue over the term of the bond, and for the Discount Bonds, the amount of accretion will be based on a single rate of interest, compounded semiannually (the "yield to maturity"). The amount of OID that accrues during each semi-annual period will do so ratably over that period on a daily basis. With respect to an initial purchaser of a Discount Bond at its issue price, the portion of OID that accrues during the period that such purchaser owns the Discount Bond is added to such purchaser's tax basis for purposes of determining gain or loss at the maturity, redemption, sale or other disposition of that Discount Bond and thus, in practical effect, is treated as stated interest, which is excludable from gross income for federal income tax purposes.

Holders of Discount Bonds should consult their own tax advisors as to the treatment of OID and the tax consequences of the purchase of such Discount Bonds other than at the issue price during the initial public offering and as to the treatment of OID for state tax purposes.

Utilities Gross Receipts Tax For Schools

Under the provisions of KRS 160.613, 160.615, and 160.617, the Woodford County Board of Education levies a three percent Utility Gross Receipts License Tax for Schools. Receipts from the tax are as follows:

<u>2012 (est.)</u>	<u>2011</u>	<u>2010</u>	<u>2009</u>	<u>2008</u>
\$1,900,000	\$2,048,125	\$1,834,448	\$1,923,936	\$1,878,911

Funds Available for Debt Service

Beginning with fiscal year 1990-91, capital expenditures in school districts are provided by the segregation of \$100 per ADA pupil from the SEEK funds allotment to each district. Expenditures from the Capital Outlay Allotment Fund may be used, up to a maximum of eighty percent (80%) of the annual allotment, for (1) direct payment of construction costs; (2) debt service on voted and funding bonds; (3) lease rental payments in support of bond issues; (4) reduction of deficits resulting from over-expenditures for emergency capital construction; and (5) a reserve for each of the categories enumerated in (1) through (4).

In addition to the Capital Outlay Allotment Fund as described above, each district is required to levy a tax which will produce revenues equivalent to five cents (\$0.05) per \$100 of assessed value of all property in the district in order to be eligible for participation from the Kentucky School Facilities Construction Commission. Tax receipts MUST be used for purposes enumerated in (1) through (5) above.

Those districts which levy the additional \$0.05 tax are also eligible to receive funds from the Facilities Support Program of Kentucky (the "FSPK"). These funds are appropriated separately from the SEEK funds and are distributed to districts in accordance with a formula taking into account outstanding debt and funds available for payment from both local and state sources. FSPK funds MAY be used for purposes enumerated in (1) through (5) above.

The funds available for Capital Outlay purposes, as described above, are not directly pledged for payment of principal and interest on outstanding school building revenue bonds, but as a practical matter and to the extent needed, have been and will continue to be applied to debt service through rental payments on Lease obligations.

The rental of the Project from the Corporation to the Board is to be effected under the Lease, whereunder the Project is leased to the Board for an initial period ending June 30, 2013, with an option in the Board to renew the Lease each year at rentals sufficient to provide for the principal and interest requirements on the Bonds as they become due, plus the costs of insurance, maintenance, depreciation, and bond issuance and administration expenses; the Board is legally obligated only for the initial rental period and for one year at a time thereafter each time the Lease is renewed.

Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

(I) The purchaser shall be required to supply the Bond Registrar with the name, address, social security number or taxpayer identification number, principal amount and principal maturities for each person or entity in whose name Bonds are to be registered. Failure of a purchaser to fully designate the Registered Owners of Bonds shall result in the issuance of Bond Certificates by the Registrar in the purchaser's "street name" (to the extent a purchaser fails to designate).

(J) The Corporation reserves the right to reject any and all bids or to waive any informality in any bid. The Bonds are offered for sale subject to the principal and interest not being subject to Federal or Kentucky income taxation or Kentucky ad valorem taxation on the date of their delivery to the successful bidder, in accordance with the Final Approving Legal Opinion of Peck, Shaffer & Williams LLP, Covington, Kentucky, which Opinion will be qualified in accordance with the section hereof on TAX TREATMENT.
